

Unit 1- Introduction to Graphing – NOTES C

For each of the following: Plot the points, identify the type of graph, determine the domain and range and the x and y intercepts (if any) as ordered pairs.

1)

X	Y
-2	-7
-1	-5
0	-3
1	-1
2	1

Type: _____

Domain: _____

Range: _____

x-int: _____

y-int: _____

2)

X	Y
-2	0
-1	-1
0	-2
1	-1
2	0

Type: _____

Domain: _____

Range: _____

x-int: _____

y-int: _____

3)

X	Y
-2	4
-1	1
0	0
1	1
2	4

Type: _____

Domain: _____

Range: _____

x-int: _____

y-int: _____

4)

Input	Output
0	0
1	1
4	2
9	3
16	4

Type: _____

Domain: _____

Range: _____

x-int: _____

y-int: _____

Write intercepts as ordered pairs!

5) Type of graph _____

Domain _____ Range _____

x-intercept(s) _____

y-intercept _____

6) Type of graph _____

Domain _____ Range _____

x-intercept(s) _____

y-intercept _____

- 7) Type of graph _____
 Domain _____ Range _____
 x-intercept(s) _____
 y-intercept _____

- 8) Type of graph _____
 Domain _____ Range _____
 x-intercept(s) _____
 y-intercept _____

- 9) Type of graph _____
 Domain _____ Range _____
 x-intercept(s) _____
 y-intercept _____
